Electrical and Smart Home Apprenticeship Vacancy

We have an opening for an apprentice to join our team.

We are looking for a self-motivated person, who is prepared to go the extra mile to be the best they can be, and therefore grow into a long term and integral member of our team.

For the right person, a financial package will be available to facilitate this exciting career.

You will attend college at the start of the next electrical training course, whilst working with our existing team for the remaining days of the week to gain valuable practical experience.

You will be enrolled onto a 3 year full NVQ level 3 electrical apprenticeship scheme. On successful completion you will be a fully qualified electrician.

Your duties will include assisting our fully qualified electricians in the following:

- Electrical installation, Reactive call outs and fault finding on domestic and commercial installations.
- Electric vehicle charger installations.
- Home automation using Niko Home Control.
- Electrical maintenance on emergency lighting, fire alarm, intruder alarm and CCTV.

Qualifications/skills:

- GCSE Maths & Science (grade C and above)
- An interest in all things electrical
- Keen to learn
- Hardworking
- Team Player

Company Benefits

- Meets National Minimum Wage but will increase on progression.
- Continued training once qualified
- Overtime available
- Opportunity to travel
- A starter tool kit allowance
- Company uniform

To apply, please send your CV accompanied by a covering letter FAO Gareth Loye, to info@mosstech.co.uk by 30th April 2022

Please include any voluntary or extra-curricular activities.
